

**Project Design Phase - II Data Flow  
Design and User Stories**

Date	17 NOVEMBER 2022
Team ID	PNT2022TMID51272
Project Name	Project - Machine Learning Based Vehicle Performance Analyzer
Maximum Marks	4 Marks

**Data Flow Diagram:**

Data flow diagrams are used to graphically represent the flow of data in a business information system. A Data flow diagram [also known as DFD] describes the processes that are part of a system for transferring data from input to file storage and reports generation.

**User Stories**

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email address, password, and password confirmation.	I can log in to my account or dashboard.	High	Sprint-1
